EDUCATIONAL DAY IS DISCONTINUED

Country Schools Will be Put on
Same Basis as City Schools Re-
garding 8th Grade Promotions

A FEW EXCEPTIONS MADE.

Consolidated School Will Now Pass
Eighth Grade Student Into High
School Without Ceremonies

The County Board of Education at its regular monthly meeting yesterday, approved the recommendation of the State Board of Education to discontinue the present method of promoting eighth grade pupils into high school in those consolidated schools maintaining a high school course. The eighth grade teachers may with the approval of the township principal and county superintendent, promote pupils from the eighth grade into high school in the same manner as pupils in other grades are promoted.

This plan does not apply to the one room and two room district schools in which eighth grade pupils will be required to pass successfully the diploma examination before entering the high school.

The township principals of the county at a meeting held a week ago Saturday unanimously approved this plan and also recommended that the county educational day exercises of the eighth grade graduates be discontinued.

The law requiring the county superintendent to hold an examination for pupils finishing the eighth grade was enacted more than thirty years ago. At that time nearly all the township schools were one room country schools. The township high school was practically unknown. Now, if present plans in Jackson and Richmond townships are completed, there will be a township high school in every township in the county. At present there are only eleven one-room district schools and this number will be decreased next year.

Graduation from the elementary grades in the city schools was discontinued several years ago. Since all the townships of Rush county will enjoy high school privileges in their own townships equal with that of the cities, the County Board of Education by its action yesterday extends to the pupils in the township consolidated schools the same privileges in passing from the elementary grades into high school as those enjoyed by the pupils in the city schools.

BOAZ DEMAREE TO BE PUT ON TRIAL APRIL 14

Another Change is Made in Date For
Hearing of First of Conspiracy
Cases Here.

MASSEY RELEASED ON BOND

Another change has been made in the trial of Boaz Demaree, which was recently set for trial on Monday, April 19, as Judge Miller has decided upon Wednesday, the 14th. Judge Fremont Miller of Franklin, will act as special judge, which was agreed upon by the state and defense, after Demaree had filed a motion for a change of judge.

Nothing new has developed in the last few days in the Demaree case. Jesse Demaree, who made a full confession here several weeks ago, and who was sentenced to the state prison is still in jail here, being held as a witness for the state in order to verify his written confession. He is to be taken to Greensburg next Monday to appear in court there, when his young son Robert, is to be sent to a home for children.

Everett Massey, who was the last person arrested on a charge of being an accessory before the fact, was released from jail, when six men gave bond for the \$1000 under which he was held. Massey was employed in Connersville when arrested, and was implicated in the robberies by Demaree in his confession.

STORM WORST SINCE 1870

Coming of Colder Weather Removes
Danger of a Flood

The dense snow that fell throughout the day was by the far the worst storm in years for this date, and according to the state weather bureau it is equal to 1870, as nothing since then has been so severe for the earlier part of April. The snow began falling early in the morning and continued all day, with temperature at 28 degrees. Because of the ground being full of moisture several people were expressing fears about a flood. There is no immediate danger of flood, as the weather man promises colder weather tomorrow, and clearing skies. No doubt high waters would be common had the snow turned into rain and warmer weather continued.

TO OPEN OFFICES IN CUTTER ROOM

Cummings' Vote Register Corpora-
tion Changes Location Due to
Sale of Aldridge Grocery Store

WILL MOVE HERE THURSDAY.

Robert Holt, Who Bought Store,
Will Move Stock Into Room Two
Doors East of Old Location

The Cummings Vote Register corporation, which decided last Wednesday to locate in this city, will establish offices in the Cutter building, 106 East Second street, which has been occupied by Aldridge's grocery store since the erection of the building instead of the room two doors east of there. It was announced today by E. W. Roberts, a director of the company, who came to Rushville to make preliminary arrangements for moving the office furniture here.

The lower floor of the Cutter building is more satisfactory to the officers of the concern than the other room because it is smaller and opens directly on the street.

The change was made because Robert Holt, who bought the Aldridge grocery, could not make satisfactory arrangements with the owners of the Cutter building regarding the rental of the room. The voting machine company already had rent paid in advance on the other room, but they willingly changed with Mr. Holt because they desired the other location.

Mr. Roberts said that Mr. Holt had promised to move the grocery stock out of the Cutter building by Wednesday evening so that the Cummings corporation's office furniture may be moved in Thursday. Arrangements were to be made today with a Rushville truckman to go to Indianapolis Thursday and haul the furniture here.

The directors of the concern are anxious to locate in Rushville as soon as possible and start operations. They do not care to lose any time because they desire to turn out some machines in time for the elections next November on the theory that the more machines they get in operation, the more they will be able to sell later because they believe that every machine which is installed will be an advertisement for them.

Mr. Roberts said that the next day after a news item from Rushville appeared in the Indianapolis News to the effect that the Cummings Vote Register company would locate in Rushville, three men visited their offices at 206 Odd Fellows building, trying to persuade them to remain in Indianapolis. They were all from the Indianapolis Chamber of Commerce and wanted to know if something could not be done to induce the concern to remain there.

Mr. Roberts informed the Chamber of Commerce men that the directors never did intend to locate in Indianapolis for several reasons, the principle one of which was the poor street car service. Due to the last of cross town lines, the average workman wastes several hours each day traveling to and from his place of employment.

MASS MEETING TO BE HELD THURSDAY

All Protestant Churches of County
to Meet in Conference at The
First Presbyterian Church

GOOD PROGRAM PREPARED.

Purpose is to Give Information to
People Regarding Interchurch
World Movement

A mass meeting of all Protestant evangelical church workers of Rush county, cooperating with the Interchurch World Movement, will be held at the First Presbyterian Church Thursday. The purpose of the conference is to give information to the people; to explain not only the origin and plans of the Movement but to show the definite relationship that each denomination bears to it; to prove that the getting-together, the co-operation of the denominations is the biggest thing ever undertaken by Protestantism in the history of the church.

An interdenominational team including four men and one woman will have charge of all sessions. Levi Pennington of Richmond has been appointed leader of the team. He will be assisted by Homer Campbell, Tipton; G. J. Hoover, Indianapolis; Paul C. Cunnick, Indianapolis; and Mrs. Madison Swadener, Indianapolis.

The tentative program will open with a devotional period. An explanation of the part that each denomination will have in the approaching united financial campaign for \$336,777.52 which will be conducted by the Interchurch Movement April 25 to May 2, will follow. There will be separate denominational conferences during the day when the plans for the financial campaign as it relates to each denomination involved will be discussed.

After the denominational rallies, the results of the foreign and home surveys made by the Interchurch World Movement will be presented by charts and stereopticon views. This will be followed by the presentation of the evangelistic campaign to be conducted between Easter Sunday and Pentecost. Then will follow addresses covering the plans of the movement to develop the spiritual resources of the churches; to enlist men and women for whole time service propagating the Gospel; to promote the acknowledgement of the stewardship of life and resources; and to promote the program of missionary education.

A separate conference will be held at another meeting place from four until six o'clock to interest young people of the high schools in the life service work. They will join in the general evening session at which time a stereopticon lecture of home and foreign surveys will be given. The Rev. C. J. Bunnell is convener for Rush county. The Rev. G. F. Sheldon is the publicity director.

JOHNSON MAINTAINS LEAD OVER GEN. WOOD

Complete Returns From 1,120 Pre-
cincts Out of 2,421 in Michigan
Give Him 104,802

HOOVER ON BOTH TICKETS.

(By United Press.)

Detroit, Mich., April 6.—With returns complete from 1,120 precincts out of 2,421 in the state, Senator Hiram Johnson maintained his commanding lead with a total vote of 104,802 as compared with 60,275 for Major General Leonard Wood, his nearest opponent, in the Michigan primary election yesterday.

Lowden and Hoover are running neck and neck for third place with the Illinois governor slightly in the lead, 33,088 to 32,721.

In the same precincts Edwards maintained his lead in the democratic race with 33,604 votes to 43,479 for Hoover. Palmer, the only avowed candidate on the democratic ticket, ran far behind Edwards McAdoo and Hoover.

CHAUTAUQUA HAS \$720.82 BALANCE

Reports of Treasurer, Secretary and
Auditing Committee to be Sub-
mitted Friday Night

ANNUAL MEETING IS CALLED.

Treasurer's Report Shows Receipts
Last Chautauqua Were \$4,157
and Expenses \$4,038.11

The Rush County Chautauqua association has on hands a balance of \$720.82, according to the report of the treasurer, F. E. Wolcott, which will be submitted to the annual meeting of the guarantors of the association Friday evening at 7:30 o'clock. The meeting will be held in John D. Megee's office in the Abercrombie building. Total receipts were \$4,157, and disbursements 4,038.11, according to the treasurer.

Three new directors will be elected Friday night and the board will meet later and elect the officers of the association.

The annual report of the secretary, which will also be submitted Friday night, shows the receipts of the last chautauqua amounted to \$3,857.50, which together with \$4.50 for rental of the coliseum since the chautauqua, makes the total gross receipts \$3,860. Disbursements amounted to \$3,757.71, making the net balance on last year's chautauqua \$104.29, according to the secretary.

There is a slight discrepancy between the treasurer's and secretary's reports, which is explained in the report of the auditing committee, composed of Anna L. Bohannon and Fanny Study, and shows that the actual balance on hand after the chautauqua was \$720.82. The association had a balance on hand of \$601.93 July 1, 1919 left over from previous chautauquas.

The discrepancy is accounted for in the following way by the auditing committee:

"A difference in the total receipts of \$295 in treasurer's receipts more than is shown in the secretary's report which is accounted for as follows: Voucher No. 99 issued August 16 for Bishop Henderson for \$275, was not used and turned back to the treasurer; also an item in treasurer's report of September 5, 1919 showing receipt of \$20 not included in secretary's report or a total of \$295.

"In the expenditures which show a difference of \$280.40, the same \$275 as shown in the receipts enters into the treasurer's calculation and also voucher No. 135 issued Sept. 2, 1919 for \$5.40 making a total of \$280.40.

LITTLE DOUBT ABOUT CAMPAIGN'S SUCCESS

Further Reports From the County
Schools Show Over \$38 Con-
tributed to French Gift Fund

NOT ALL HEARD FROM YET

Little doubt is expressed but that the campaign conducted last week in the county and city schools to raise \$45 as Rush county's quota for "America's Gift to France" fund will be successful, as \$38.61 has been reported so far and this amount is from only part of the schools in the county, and does not represent the Rushville schools.

In the list yesterday several schools contributed more than their quota, and today three more schools reported which brought the total up to over \$38.00. The Carthage schools donated \$13.04, which represents the gifts of 200 pupils that gave toward the fund. The Homer school, with 51 children donating, added \$4.47.

The Milroy school reported a collection of \$4.71, which represented 190 pupils. The school authorities there explained that school was held only a day and a half last week and the campaign was not fully explained to the pupils, or the amount there would no doubt have been greatly oversubscribed.

2 KILLED BY TRACTION

I. & C. Car in Charge of Local Men,
Hits Truck at Noon

Indianapolis, Ind., April 6.—George Cornfroth and Chester Wheeler, of Shelbyville, were killed today when an I. & C. interurban car on the Shelbyville division struck a motor truck near Beech Grove at noon today.

The victims tried to beat the interurban car across the track. Cornfroth was instantly killed and his body was badly mangled. Wheeler lived a short time. The interurban car was derailed and several of the passengers suffered slight injuries.

The traction car was in charge of Conductor Earl Moore and Motorman Bert Glover both of Rushville and leaves this city daily at 7:32 in the morning for Indianapolis, then goes to Greensburg.

FRENCH TROOPS ENTER FRANKFORT

Occupation of German City is Ac-
complished Without Any Re-
sistance From Inhabitants.

DARMSTADT ALSO OCCUPIED

United States Will Make Known At-
titude When Other Allies An-
nounce Their Stand.

(By United Press.)

Washington, April 6.—The United States will await indications of the attitude of Great Britain and Italy before taking any action in connection with the advance of the French into the German territory, it was stated officially today.

This country will then probably concur in any stand taken by those two powers, it was added.

Frankfort, April 6.—French troops coming from Mayence occupied Frankfort today.

The advance guard marched quietly into the city at 4:30 a. m. They occupied the railway station first, then the suburbs and finally the city itself.

The inhabitants of the city had been informed of the French advances. Business continued as usual. The civil guard was disbanded without resistance during the morning.

Darmstadt was occupied under similar conditions.

Looting at Essen.

London, April 6.—Communists began looting at Essen early today, according to a dispatch from Berlin. Mobs plundered confectionaries, food and shoe shops.

Damage was estimated at hundreds of thousands of marks.

Armed brigands held up the main postoffice.

The communists, executive committee fled, admitted the situation had passed beyond its control. German government troops were nearing Essen.

More than three hundred reds were killed when the communist army attempted to stop the advance of the German troops, a dispatch from Berlin said.

DUBLIN CLASHES CONTINUE

Troops Raid Building in Which Sinn
Fein Flag Was Flying.

(By United Press.)

Dublin, April 6.—Excitement in Dublin had increased today following clashes between soldiers and crowds in the street last night.

Troops raided a building in which the Sinn Fein flag was flying. They arrested four men. Minor outbreaks continued in many parts of the country.

Estimates placed the total police barracks and tax offices destroyed in the Easter uprising at one hundred and fifty in twenty-seven counties.

JAPS OCCUPY VLADIVOSTOK

London, April 6.—Japanese troops occupied Vladivostok after eight hours fighting, a dispatch received here today said.

PREPARE STATE WIDE REFERENDUM

National Organization to Take Vote
Among Agriculturists on Nolan
Excise Tax Bill

PENDING IN CONGRESS NOW.

Provides For Raising Public Re-
venues by Tax Upon Land—Rush-
County Board Called

Indianapolis, Ind., April 6.—Acting upon orders received from J. R. Howard, president of the American Farm Bureau Federation, the national organization to which the Indiana Federation of Farmers' Associations is affiliated, Lewis Taylor, general secretary, has prepared to take a state wide referendum among the agriculturists on the Nolan excise tax bill pending in congress. A similar referendum is to be taken in the twenty-eight states which go to make up the national federation and the result of the vote will be presented to the proper authorities at Washington.

The bill in question was introduced into the house of representatives recently and provides for the raising of public revenues by a tax upon the privileges of the use and enjoyment of lands of large value, lands being defined in the measure as "the surface of the ground with all easements in, on or over same". This includes forest, water rights, and minerals, but does not include improvements the result in whole or part of the application of labor to land. All persons, corporations or firms owning land in the value in excess of \$10,000, whether in possession or leased to others, would be subject to an excise tax upon the privilege of the use and enjoyment of such excess at the rate of one per cent.

Concerning the referendum Mr. Howard said: "In considering this act you should not allow the fact that the revenues will come in principal part from the farmers, to prejudice your judgment, but should consider it in relation to fairness to other interests, and whether or not it would be of sufficient burden to affect land values, rentals or incomes and thus affect production.

DEADLOCK IN COUNTY COUNCIL IS BROKEN

Favorable Vote on Petition Under
County Unit Law Means Road
Will Probably be Built

STATE STILL CONSIDERS IT

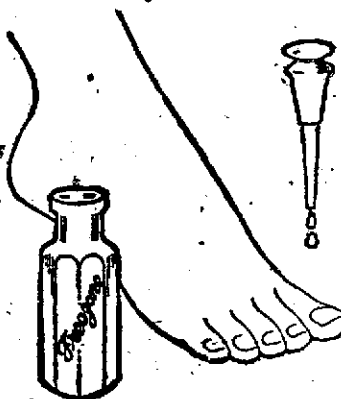

The deadlock in the county council over a report on the proposed cement highway to be constructed under the county unit law from Rushville through Arlington to the Shelby county line, was broken late yesterday afternoon when W. A. Lord of Mays, the absent member of the council, arrived and the petition was acted upon favorably.

Previous to his arrival, it was reported that three members of the council favored the road and three disapproved it. The final action means that the road in all probability will be constructed because Lawrence and Ennis, Arlington contractors, whose bid was above the estimate, will take the contract at the same figure, \$283,191, since amended plans and specifications, raising the estimate, have been approved.

An effort was made to have the county hold up the road until it was definitely decided whether the state highway commission would take it over. It was not included in the official list of state roads announced yesterday but the governor's statement in connection with the announcement of the list said that he had advised L. H. Wright, highway director, that Route 39 from Brookville, extending through Rushville, "will be at an early date re-examined by the full commission and the question of the establishment of this route definitely determined."

That seems to be the thing they settle on in summing up why they so much admire the car.

Over Food Shortage Woman Not Worried

"I have lived on toast and water for over 6 months and have been scarcely able to eat anything for the past year. I began suffering from stomach trouble and bloating 5 years ago. A friend recommended Mayr's Wonderful Remedy and since taking 6 doses I feel I am entirely restored; even cabbage does not hurt me". It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Druggist everywhere. adv.

cises were also abandoned and now the pupils will pass from the elementary grades into high school without ostentation. Rush was the first county in the state to inaugurate a county commencement for elementary school graduates and this plan was later adopted by many other counties. It has served a useful purpose but since all the townships are soon to enjoy the privileges of a modern high school, the County Board of Education is of the opinion that no special exercises should be held until the high school course is completed.

Only The Hoover lifts the rug and flutters it over 1,000 times a minute on an air cushion

90 Per Cent of All House Dirt Hides in Carpetings!

Only The Hoover thoroughly removes this carpet dirt, the 90% hardest part of house-cleaning. Therein lies the reason why The Hoover is the largest selling electric cleaner in the world.

For The Hoover beats out all nap-wearing, embedded grit which defies sweeping and air suction. The Hoover electrically sweeps up all clinging litter, which laughs at air suction. Then The Hoover suctions up this loosened dirt and the surface dirt.

The Hoover performs these three essential operations as speedily and easily as other cleaners merely surface-clean and partially sweep.

Also, with air attachments, The Hoover removes that last 10% of house-dirt which lightly roasts on furniture, draperies, etc.

Popularity, for twelve years, has exceeded Hoover output, forced an ever-increasing production of The Hoover, but in spite of the fact that 3 times as many will be made during this year as last, demand still exceeds the supply. We advise ordering in advance to insure desired delivery.

Roosevelt, Saw Through 'Em

There was once a pretty widespread impression that President Roosevelt was rather pleased to note comparisons made between him and the former kaiser as to their supposed resemblances and that the former kaiser with amused condescension was disposed to permit such comparisons to be made. In view of this it is interesting to come across evidence that Mr. Roosevelt "saw through" the former kaiser as well as the aspiring German warlords and people. In Thayer's life of John Hay, for example, it is related that Secretary Hay and President Roosevelt laughed themselves into tears over the persistence of the German Ambassador, in inquiring what Mr. Roosevelt thought of a medal pompously bestowed upon him by order of the Ambassador's "imperial master"—a medal, explained Mr. Hay, "that you could buy anywhere for thirty cents."

In the current Scribner's appears a letter written by Mr. Roosevelt in 1911 dealing with his visit to Germany, in which he reveals an understanding both of the former kaiser's egotism and of the menace of German ambitions to the peace of the world. Mr. Roosevelt writes that in matters of "international morality" he and the kaiser were "completely asunder", and that such international morality as the German diplomats believed in was that of "one pirate among his fellow pirates". He saw that Germany had "the arrogance of a very strong power as yet almost untouched by the feeble aspiration toward international equity which one or two other strong powers, notably England and America, do at least begin to feel." Mr. Roosevelt perceived America was not liked by emperor, warlords, the middle class, or even by the Socialists, and he sized up the Kaiser as not only a bully but one who bluffs and is apt to back down.

A leading suffragette smilingly assures us that some day a woman will sit in the presidential chair. Not a doubt of it. And in all of the days we have been burdened with such an

On a summer night when the velvet sheen of the sky seemed to bring the stars to hand reach, father and son were sitting on the porch and the boy, aged eight, asked about the world and how it was made.

"Did God make all the stars?"
"Yes, son, all of them. And he made the sky which you see."

"And the great dipper and the milky way an' everything?"
"Everything. He made every bit of this great, marvelous, round earth which we live on."

"Gee! Some job! And he molded the big earth when there was't any earth at all?"

"There was nothing, when he started."

"Well, what did he stand on when he made everything?"

Fighting Hunger

Hunger is never more than a few days away from the American people.

The coal strike showed us what a narrow margin the country goes on, even in a non-perishable necessity which can be stored.

Swift & Company is engaged in the business of fighting hunger.

From coast to coast, from the Great Lakes to the Gulf, the lines of defense are drawn—packing plants at strategic points; branch houses in four hundred towns and cities; hundreds of car routes; thousands of refrigerator cars; tens of thousands of loyal men and women expert in their work.

Day by day, hour by hour ceaselessly, this fight, your fight, goes on. Yet so smoothly, surely and victoriously that you, unaware how close hunger always is, are as certain each night of tomorrow's meat as you are of tomorrow's sun.

And so economically is this done that the cost to you for this service is less than three cents a pound of meat sold. The profit shared in by more than 30,000 shareholders whose money makes the victory possible is only a fraction of a cent a pound on all products.

If hunger did not make it necessary for us to fight this fight in the best possible way for all concerned, the competition of hundreds of other packers, large and small, would compel us.

WOMEN POLITICAL LEADERS ASSEMBLE

Franchise League Convened Today in Indianapolis Hotel For Important Session

MAY CHANGE ITS NAME.

Expected to be "The League of Women Voters"—Governor Candidates Meet The Ladies

Indianapolis, Ind., April 6—Indiana's political camp was invaded by woman suffragettes today.

The Women's Franchise League convened its annual meeting in an Indianapolis hotel, each floor of which houses the state headquarters of some political aspirant.

Democratic and Republican candidates for governor—seven of them—will place their views on the feminine operating table. Their beliefs will be expounded before the women and carefully absorbed by the women at the league's banquet tomorrow night.

This meeting was expected by the "suffs" to be their last as the Franchise League. They confidently expected to assume the title of "The League of Women Voters" or some other similar name. Mrs. Lewis J. Cox, state director of the franchise league, has prepared a tentative constitution to be presented to the gathering as the foundation of a new organization.

Although partisan politics will be barred from the convention floor, there was plenty of political activity surrounding the meeting. Some of the visiting delegates were in the lobbies or sat on the mezzanine floor talking about "our next governor" and "our next president".

Mrs. Elizabeth Hauser, national director of the League of Women Voters, will be present tomorrow and Wednesday. The meeting will close Wednesday evening.

RAID CAUSES 500 SINN FEIN ARRESTS

Uprising Causes Big Property Damage in Dublin And Many Lives are Endangered by Mob

CUSTOM HOUSE IS BURNED.

Dublin, April 6—More than 500 Sinn Feiners have been arrested in a new series of raids by police and military forces following an Easter uprising, according to estimates at Dublin Castle today.

South Ireland is under martial law. Two British warships were lying in the harbor a few miles from Dublin. An unusual and armed movement was reported from West Ireland where 1700 men marched through the country and confiscated thousands of acres of land, driving the owners away from their homes.

Officials at Dublin Castle estimated the damage to property at more than \$500,000 which they said the tax-payers of that district will be forced to pay.

Reports stated that the total number of police barracks burned and bombed was 92. In Dublin troops were confined to their barracks. Officers had been ordered to prepare for any eventualities.

The custom house in Limerick was gutted by fire and masked men stood at guard, not letting the officials save the tax records. There was every indication that the uprising was led by a central organization.

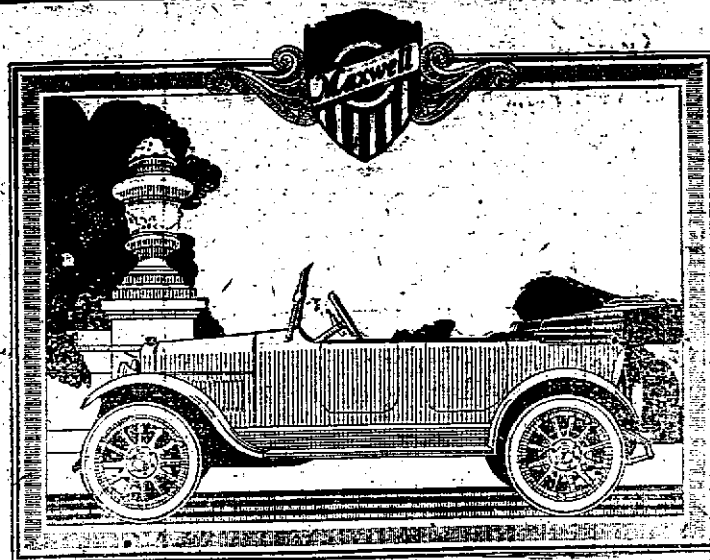

CERTIFIED SEED POTATOES

County Agent Can Supply Information Where They May be Bought

Farmers of the county are experiencing some difficulty in obtaining good seed potatoes, due to a serious shortage all over the country. There is practically no seed available from local sources and County Agent Ball has located parties outside of the state who have certified seed of standard varieties for sale. The county agent's office can be of great service to farmers wishing to secure their seed supply if the matter is attended to at once. The county agent stated today that farmers should secure their seed at once, before the supply of good seed is entirely exhausted.

MAHONING COUNCIL NO. 36

The part that fine steels play in a MAXWELL

There is a definite reason for the brilliant performance of a Maxwell car.

Lift the bonnet and you see the simplest of engines. Examine clutch and gears, and you see supreme simplicity.

The definite reason for Maxwell performance and endurance is the fine steels, those steels built to Maxwell's own formulas, that combine quality and rare strength, that defy time and the repairman.

This is the story of the Maxwell, the real cause for brilliant performance and long endurance. These steels do not burden the engine. They make its tasks easier. They flatten out a hill for the engine.

The combination of light weight and great strength—the ideal of Maxwell construction—is thus achieved.

And to obtain that rare combination of strength with quality means costly steels. So you will find that, pound for pound, the steels in a Maxwell equal those in any car built.

That is why the rise of Maxwell has been so marked; why nearly 400,000 have been built; why 100,000 are being constructed this year; why these will fill but 60% of the demand.

MRS. LUCILE HIXSON of Kansas City, only weighed 79 pounds when she began taking Tanlac. She has already gained 36 pounds and says this wonderful medicine has been the greatest blessing of her life.

"I weighed only seventy-nine pounds when I began taking Tanlac, but now I weigh one hundred and fifteen and am feeling better than I have in seven years." was the unusual statement made by Mrs. Lucile Hixson, living at 2032 Broadway, Kansas City, Mo., a few days ago.

"Before I began taking Tanlac," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted."

"My uncle recommended Tanlac to me and now since it has entirely overcome my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Headaches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty-six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Tanlac has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

Tanlac is sold in Rushville by F. E. Johnson & Co., in Milroy by Dal-las Copper, in Maclilla by Geo. J. Indow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty. — (Adv.)

Guest day was observed at this meeting as Mrs. Demareh Brown of Indianapolis was the speaker for the afternoon. Mrs. Brown took for her subject "Victor Hugo—Giant of French Letters", a sub-topic of the studies for the year of Modern Belgium and France. The next meeting will be in two weeks.

Stewart.

Mr. and Mrs. Charles Cassidy delightfully entertained a number of young people at their home west of the city Sunday evening, the event being in honor of their daughter Lavonne's birthday. During the business session the sorority completed their plans for the card party to be given in the Social Club rooms Friday afternoon for the benefit of the County Board of Children's Guardian. The mental test conducted by the hostess following the business meeting furnished much amusement for those present. At a late hour delicious refreshments were served. The next meeting will be with Miss Hannah Morris.

A double wedding, which will be of interest to many friends in this city, took place Sunday evening in the parlors of the Main street M. E. church parsonage. Connorsville, when Miss Garnet Beatrice Thomas became the bride of Ralph Dwight Richsomer, both of Connorsville, and the bride's brother Frank Y. Thomas, was united in marriage to Miss Gladys Goodbar, daughter of Mr. and Mrs. James Goodbar of this city. Following the ceremony the bridal party was honored with a reception at the home of Mrs. Sedella Thomas. Miss Goodbar is well known here, having formerly lived here but lately has been employed in Connorsville. Mr. and Mrs. Thomas and Mr. and Mrs. Richsomer will make their future homes in Connorsville.

Had a Cold All Winter

The colds that "hang on", the coughs that rack your body and wear you down, the weakening that comes from loss of sleep—these are afflictions from which relief is welcomed as a blessing. Nick J. Whers, Zahl, N. D. writes: "Words cannot express the gratitude I owe Foley's Honey and Tar for the miraculous relief it gave me. Had a cough all winter, but since taking one bottle it has entirely disappeared. I will never be without your remedy if I live to be 100 years old." F. B. Johnson, adv.

Things Looked Gloomy For Him When Aid Came

Ettinger Had Almost Abandoned Hope of Regaining Health Before Trying Trutona

Indianapolis, Ind., April 5.—"My husband had tried so many kinds of medicines without getting relief that he was discouraged when Trutona was recommended to him; but after ten days treatment of the perfect tonic he said he felt like a man made over again." This was the statement made recently to a Trutona representative by Mrs. Harry Ettinger, 420 West Abbott street, Indianapolis.

"Mr. Ettinger had suffered from kidney and liver trouble for many years", she continued. "It seemed that his bowels would not act without the aid of laxatives. He was never hungry and would have to get up several times during the night on account of his kidneys. He also experienced severe pains in his back. Instead of struggling as he used to in getting up from his chair, my husband can arise now as quickly as anyone, because he does not suffer with the former severe pains in his back, since he's taken Trutona. He declares that his bowels are more regular than they've been for years and says he really feels like a new man. My husband has told his fellow workmen at Van Vamp's about Trutona and a great many have taken his advice and are now using the tonic."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Fargrove & Mullin's drug store adv.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean; drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

IS OUT FOR JOINT SENATOR

J. T. Arbuckle Seeks Democratic Nomination in 3 Counties

J. T. Arbuckle is a candidate for the democratic nomination for joint senator from Rush, Decatur and Hancock counties, instead of representative from this county, as stated yesterday. It was reported that Mr. Arbuckle had filed his declarations of intentions in Indianapolis for representative and the report could not be confirmed by Mr. Arbuckle himself yesterday.

This leaves two candidates in the field for the democratic nomination for representative—Frank Mcgee of this city and John A. D. Wagoner of Orange township. So far as is known, there is no other democratic candidate for joint senator.

With his parents, Mr. and Mrs. Milt Adams.

Mrs. Allie Dunham of Marion, Indiana, came Saturday evening for a visit with her daughter, Mrs. Vern Dolan.

PREPARE STATE WIDE REFERENDUM

Continued from Page One

There is no provision made for the deductions for liens or mortgages. The provisions merely call for one percent per annum on actual valuations of all holdings over \$10,000. Since the farmers of the nation are most vitally concerned in this proposal we ask that you give this careful consideration.

Secretaries of the various state organizations of farmers have been invited to attend a middle west meeting for the purpose of forming an organization of secretaries in this city for April 14. President Howard, Vice-President Strivings, and National Secretary Coverdale, have been invited as special guests. The inter-organization is expected to be of mutual benefit to the secretaries in conducting their various activities.

In taking state wide referendum on this important bill of interest to the farmers it is desired that the united opinion of the farmers of every county be represented, and for the purpose of getting the views of the Rush county farmers on this bill, Fred Bell, president of the Rush County Farmers' Association, is calling a special meeting of the board of directors to be held Saturday afternoon in the assembly room of the courthouse. As the subject to be discussed is of interest to all farmers, the meeting will be opened to any and all farmers of the county who wish to attend.

Everything for Baby

Outfitting the baby is the first thought of every mother and in planning the little wardrobe for summer she naturally seeks a

shop where complete assortments can be found and at reasonable prices. And Mauzy's never disappoint her hopes.

BEAUTIFUL HEAD WEAR

We are very proud of this interesting exhibit of bonnets and hats for the little folks. They are far removed from the old stereotype shapes, and show lots of originality. You will be delighted with the showing. Many odd shapes in pique hats for young boys, too.

Beautiful little dresses, both long and short styles, are here by the score. You will not wish to make them after seeing these. Dainty laces and embroideries are employed in their making.

Slips and Gertrudes, made from good materials, at prices that will prove a saving.

Jiffy Pants, of splendid rubber in small, medium or large sizes.

Wonderful little coats and capes of all wool tricotine, serge, bedford cord and cashmere. Pretty embroidered motifs enhance their attractiveness. Both long and short.

Baby must spend many hours in sleep. Willow bassinets ready to decorate, and white enameled beds complete with springs and mattresses.

Bands, wrappers, Reuben shirts and Burkland shirts (the kind that does not necessitate turning baby over) in cotton, part wool, all wool, and silk and wool.

Madiera pillow tops, the genuine article, make dainty shower gifts.

Handsome silk carriage robes and bed comforts, in white, pink and blue, prettily embroidered with silk flees.

Knit booties and sarques in a big variety and shaped so they will fit and look well.

RIBBON NOVELTIES—Baby's dress can be beautified so much by the use of dainty little rosettes. Then there are armlets and sock garters, pins and carriage bows.

SHOES AND SLIPPERS—Don't put just anything on baby's tender feet. Let us fit the little tot correctly. All black, black patent lower with white top, all white or white with a little touch of color. Besides these we have little Japanese silk slippers, daintily embroidered.

KRAUCH KRAFT

Our community is naturally interested in this line of infants' and children's goods, because a former resident makes it. Among its many attractive offerings are feeding bibs, pinafores, carriage pillow cases, wash cloth and towel sets, eiderdown blankets, armlets and sock garters, and rosette sets.

Babies' Comfort UNDERWEAR

Babies' Comfort UNDERWEAR

Any baby department is incomplete without wardrobes, walkers, dressing tables, nursery chairs and baskets.

Gordon Hose gives satisfaction. Choose from all cotton, lisle, cashmere and silk wool. Black, white or colors.

We have attempted to gather interesting little toys that are out of the ordinary, such as Rag Kiddles, Puss in Boots, Sunny Jim, Mrs. Peter, Snow Babies and Mask Dolls.

Celluloid toilet sets, from three to eight pieces, to complete baby's baskets.

A baby record should be in every home. Several kinds from which to choose.

Diaper cloth in several widths and already hemmed diapers.

The Little Paris Shop contributes rings, beauty pins, chains with lockets, bracelets and bib clasps.
